

Peek at the Week

Friday 28th September

We have had a very busy week in Waveney Class. Our theme this week has been Five Little Speckled Frogs so we have been doing lots of froggy activities. We talked about the life cycle of a frog and looked at pictures of different types of frogs to paint poisonous frogs. We talked about what frogs like to eat and wrote some letters or words in a frog's tummy. We counted back, finding one less using props and a number line. We have used mathematical language related to size to describe different sized frogs and some children measured them with multilink cubes. In PE we found different ways of travelling on some of the apparatus such as hopping, crawling, sliding. We made frog hats and role played the rhyme outside.

We had a lovely time on European languages day on Friday. Some of the children came to school in the most amazing costumes. We listened to a the story Canard! Lapin! (Duck! Rabbit!) in French and learnt how to say 'Bonjour'. Some of the children even built a big Eiffel Tower in the outside area.

Well done to *Jayden Durrant*, who is Waveney Class's Star of the week. You always come into school and sort out your things without an adult helping you and you do fantastic listening. We hope you have fun with Star the Pony!

REMINDERS

Every child now has a reading folder for them to read or tell the story at home. It should come into school every day.

The children shouldn't be bringing toys in from home unless we ask for things for a specific topic. It is very easy for things to get lost or broken.

There are still lots of jumpers and other clothing with no names on. Please would you ensure everything is named. Thank you.

HOME LEARNING

Practise cutting out shapes and pictures. Can you hold the scissors correctly? Perhaps you could cut out pictures from old birthday cards, magazines or brochures and stick them on a piece of paper. Don't forget to put the glue on the back of the picture.

Have a super weekend!

The Early Years Team
