

Peek at the Week

Friday 12th October

We have had a good week in Early Years. Our activities have been related to the nursery rhyme Five Currant Buns.

We took buns away from a group and counted how many were left. We counted out pennies on to priced cakes and currants on to buns by recognising the numbers.

We looked at the text of the rhyme and talked about where to start reading, which direction to read and we learnt the high frequency words from the text. We wrote our names using a variety of tools and materials and practised letter formation of *s a t p*.

We talked about food that has sugar in and its effects on our bodies and sorted foods into groups of those that contain sugar and those that don't. We discovered that very few children had visited a dentist so we watched a programme about a little girl's visit to the dentist.

We have also been very creative and have made cakes from salt dough for our bakers' shop in the classroom. We also made currant buns and sequenced how to make them, writing some captions to go with the pictures.

REMINDER If you took the parents' report home to write comments, could you return it to Mrs Spice on Monday, please.

Well done to **Poppy Hadingham** who is Waveney Class's Star of the week! She has done some fantastic writing and counting. We hope you have fun with Star the Pony.

HOME LEARNING

Spend at least ten minutes every day reading stories to your child. Relate the story to their own experiences and talk to them about it, e.g. "Do you remember when we went to the zoo? What was your favourite animal? Do you think the children in the story liked the zoo? Can you find the page where they see the elephant?"

Have a super weekend! The Early Years Team
