

Art Lesson 1 - Tuesday 28th April:

To find out about an influential artist linked to our learning.

In art today it would be great if you could research who Patrick Heron is. When you are researching him I would like you to find out:

- What kind of art work did he create?
- What nationality is he? Where did he live?
- Find your favourite piece of his artwork.
- Which materials did he use the most to create his work?
- When did he become an artist?
- Is he still alive?
- Do you like his work?

You don't have to record your findings but if you wish to, that's great too. It's more of an opportunity to explore and discuss a very influential artist who we will be focusing on.
