

I am so impressed with the non-chronological reports you sent me last week and early this week. Have you had a chance to read them yet? They are on the Yangtze Page of the website and they're well-worth reading. This week I've been sent animations, photographs of homemade forcemeters, pictures of yeast experiments and some of you have already written your discussion texts. Thank you for all your work. This week we're baking more bread, exploring a Bronze Age settlement, making parachutes and writing about whether or not children should come back to school during the Summer holidays. It should be fun.

Thank you again to all of you who are emailing me every day or so. Remember a weekly update is a minimum requirement. All the best to each of you and keep safe.

If you have any questions or concerns, please email me on j.leicester@fressingfieldprimary.org.uk

DAY	READING	LITERACY	MATHS	OTHER	OPTIONAL
MONDAY 22 nd June	Reading comprehension: Wimbledon	<i>Discussison texts (Balanced Arguments): Use elaboration to add detail to your point.</i>	<i>SEE WEEKLY OVERVIEW FOR YOUR YEAR GROUP</i>	FRENCH: Hobbies I enjoy each day of the week.	
TUESDAY 23 rd June		<i>Discussison texts (Balanced Arguments): Plan your discussion text using a planning proforma. Plan how you will elaborate each point you make.</i>	<i>SEE WEEKLY OVERVIEW FOR YOUR YEAR GROUP</i>	HISTORY: What happened at Must Farm? Use evidence for two reconstruction drawings to show the outside and inside of homes at the Must Farm settlement.	
WEDNESDAY 24 th June		<i>Discussison texts (Balanced Arguments): Write an introduction and the first paragraphs of your discussion text.</i>	<i>SEE WEEKLY OVERVIEW FOR YOUR YEAR GROUP</i>	ICT: Make a character: Create a character of your own from anything you like – modelling clay, corks, a sock, Lego, and create a very short animation.	
THURSDAY 25 th June		<i>Discussison texts (Balanced Arguments): Write the final paragraphs and a conclusion for your discussion text.</i>	<i>SEE WEEKLY OVERVIEW FOR YOUR YEAR GROUP</i>	SCIENCE: Forces: Air resistance – Design and carry out a fair test to make the perfect parachute. (Recruit an egg-stronaut if you like!)	
FRIDAY 26 th June		<i>Discussison texts (Balanced Arguments): Proof-read and edit your work to improve it. Have a sensible conversation with someone about the topic.</i>	<i>SEE WEEKLY OVERVIEW FOR YOUR YEAR GROUP</i>	D&T: Shape it, bake it: Learn how to make different shape breads (you'll need yeast, flour, etc again).
