

## Literacy Lesson - Monday 20<sup>th</sup> July

At this point in the school year, we would usually be reflecting on the year and the things we would like to get better at. In today's lesson I would like you to create a poster explaining your aims and goals for next year. Here are some examples of what you could include:

- Joining my writing cursively
- Forming my numbers correctly
- Putting my hand up more
- Making better choices at playtimes
- Reading more regularly at home
- Practising my spellings more

I would love to hear your aims for next year so please feel free to send them to me via email.
