

# Peek at the Week

Friday 18<sup>th</sup> September

What a busy week we've had in Waveney class. This week, we have been using Goldilocks and the Three Bears as our focus story. We listened to the story, talked about the events, and put them in order. Some of us acted it out in the role play area. We wrote a letter to Goldilocks telling her not to go into the 3 Bears' house again. We were very surprised when she ate our porridge, but she wrote us a letter telling us why. We also made bear headbands by cutting and sticking.

We used some of the key mathematical language from the story and put bears in order of size. We measured pictures of the bears using cubes, counters, Compare Bears or centimetres. We have learnt all about number 2 in a wider context - we discussed units of measure such as 2 kilograms, 2 metres, 2 centimetres, 2 litres. We learnt about cones because they have 2 surfaces (1 curved and 1 flat) and we learnt that the point is called the apex. We made circles

into cones to make party hats for our porridge party. We had fun experimenting with oats and different sized bowls and spoons.

Well done to Rio Impey who is Waveney Class's Star of the week this week! He has worked hard on lots of activities and has tried his best all week. Well done, Rio!

**REQUEST** Next week we will be learning about The 3 Little Pigs. Can your child bring in a photograph of your house for one of our activities, please. Thank you.

**REMINDERS** The children should only bring water in their water bottles for drinking in class, not juice. If you wish them to have juice at lunchtime, this needs to be in a different bottle. Thank you.

## HOME LEARNING

**KS1** - Make a collection of objects made from different materials (wood, plastic, metal, glass, cotton, wool). Take photos or cut out pictures and stick them on a large piece of paper and write labels.

**Reception** - Can you make a collection of spheres and cones at home? Sort them into 2 groups. Ask an adult to take a photograph of your collection and add it to Tapestry so that we can see it.

**Nursery** - Make a collection of big and small objects. Ask an adult to take a photograph of your collection. We'd like to see it on Tapestry too.
