

# Peek at the Week

Friday 2<sup>nd</sup> October

We have had a very busy week in Waveney Class. Our theme story has been Little Red Riding Hood and we read four different versions during the week, talking about the things that were the same and different in the books. We used story props to retell and act out the story in the role play area and we wrote letters to the wolf. The children enjoyed dressing up and used some of the language from the book. We talked about things we would take to our grannies, drew the items in a basket and had a go at writing some of the words. On Thursday we made delicious jam tarts for our granny, mum or auntie. We hope you liked them. Then we sequenced the pictures to show how we made them. We also created pictures in frames using natural items and made paper flowers that our grannies would like. We went on a sound walk and made lists of what we heard.

We also opened a food shop outside, made shopping lists and used coins to play at being the shopkeeper and the shoppers.

In **maths**, we investigated number 4 and linked it to measurement, money and time. We all made 4 using a variety of maths apparatus and some of us wrote the number sentences. We investigated pyramids and talked about their properties.

In **phonics** we are working on blending and segmenting letter sounds by listening to make words. For example, I say "s-a-t" and they say "sat" (blending), or I say "pat" and they say "p-a-t" (segmenting). This is a skill the children need to develop before they learn to read and write words.

**Thank you** to those parents that sent in the cookery donations. We would really appreciate it if you are able to send in £1 towards the ingredients we use this term.

**News** – having spoken to a few parents about the best way to send out our weekly newsletter, I will endeavour to put a printed copy of Peek at the Week in the children's bags, as well as on Google classrooms and on the school website. If you haven't seen a copy of last week's, it is still available on the website.

Well done to **Sol Hunt** who is Waveney Class's Star of the week! He has worked really hard on so many activities, is always very kind and polite and listens very carefully in class.

## Home Learning

**Nursery** Find some pictures of farm animals and name them. Can you make the animal noises?

**Reception** Use 2 different beads/buttons/Cars/Lego bricks/ other items to make a repeating pattern. Can you keep the pattern going? Then try the same with 3 different items.

**Year 1 / 2** Make a collection of objects made from wood, metal, plastic, fabric, glass, stone. Say why the object is made from that material.

Have a super weekend!

Waveney Class Team
