

## Peek at the Week

Friday 25<sup>th</sup> June

We have had a really busy week in Waveney Class. Our theme book for this week has been *The Rainbow Fish* by Marcus Pfister. We read the story and answered questions about the text. We discussed how we can be kind to other people and wrote some ideas in a speech bubble. We talked about our

prized possessions and how we would feel if we lost them or shared them.

We brainstormed a list of all the sea creatures we know then chose one to draw and paint with rainbow colours. We also used bubble wrap to print fish scales on two fish shapes and stuffed them to make them 3D. We explored shiny and not shiny objects, making a collection, and learnt the word dull.

In Maths we subtracted from numbers to 20, using the language 1 less than 20 is..., etc., using shiny scales on a Rainbow Fish picture. We chose a number between 10 and 20 and used beads on two fish to find as many number bonds as we could.

Thank you to the parents who came in to help with the special art days on Monday and Tuesday led by Art Solutions. Nursery created a wonderful waterfall. Reception made a super snake, tremendous tapirs and a terrific tree. The atrium is now full of colourful rainforest animals.

We also had great fun learning to ride scooters in the special scooter event. Some of us even learnt to do tricks on the scooter!

Waveney Class's Star of the Week is **Eva** who has settled in so well to her new school. She is kind and friendly and works hard on her learning tasks. Well done, Eva!

## Please note!

1. Next week (from Thursday) we will be learning about wedding celebrations. If you have a family or friends' wedding photo that you are willing to send in, that would be great. (We can photocopy the original and keep it safe.)
2. We are arranging a special event with a visiting professional actor/storyteller. This will be on the morning of 7<sup>th</sup> July and will be for Nursery and Reception. Your child can dress up as a sea creature, sailor, or mermaid on this day.  
FOFSA have very kindly offered to fund this for us, so there will be no cost to families, but if you would like to donate to FOFSA it would be very much appreciated, especially as their opportunities for fundraising have been limited this year. They would also welcome more members on the committee, as several will be leaving this July as their children move up to High School.
3. Welcome to Reuben who has joined our class. We hope you enjoy being with us at Fressingfield Primary School.

## HOME LEARNING!

**Nursery** – Make a collection of boxes and containers. Sort them into groups of ones that can roll and ones that can slide. Can you find out the names of some of the shapes?

**Reception** – Make a reading high frequency words game. Perhaps you could hide the words around the house/garden for your child to find. You could write them on the ground in chalk and ask your child to read them as they jump from word to word or squirt water at them. They should be able to read them without segmenting them first, just by looking and saying.

Your child's target words are:-

1. I the no go to into
2. he she we me be you all are her was they my
3. said have like so do some come little one were out what when there
4. Mr Mrs oh people called looked could asked their

*Have a super weekend! The Early Years Team*
