

MINUTES

GROUP Eco group

DATE Thursday 20th October 2022

PEOPLE PRESENT:	Arieanna, Betsy, Charlotte, Scott, Eden, Ella (plus Ms Perry)	
ITEM	NOTES	ACTION - BY WHEN? - BY WHOM?
How are we all doing in class? How 'green' is your class? Your teacher?	Some teachers are better than others! Charlotte and Arieanna suggested making some more Turn off the lights/screens notices for the school. Great idea. Arieanna was also interested in doing an assembly on Greta Thunberg, so more children would be able to learn about her	Arieanna and Charlotte to make the PowerPoint; Betsy and Scott to make some Turn of the lights notices
Litter picking campaign	We are still awaiting our litter grabbers! They should be here soon. Once they are here, we can organise some litter picking.	Children thought that they should go out 'as a group' rather than having an open invitation
The 'energy crisis' – what role can we play?	See above. Ms Perry reminded children that the whole school had gone an entire half a term without needing the heating on! We have been lucky about the weather, but we need to share this great information!	Please say well done to everyone in your class, including your class teacher! Let's share this as a group in PV assembly
Any Other Business	We have a vacancy for two Y3 children	Let's ask in PV assembly

Date of next meeting: third Thursday in November '22

Next month: update on litter campaign
